## CARATTERISTICHE TECNICHE | TECHNICAL CHARACTERISTICS

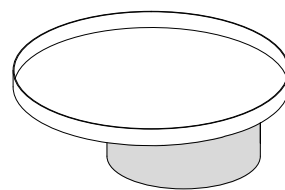

### POSIZIONE BASAMENTO | BASAMENT POSITIONING

Caratteristica principale dei tavolini Ninfea è la libera scelta del posizionamento della gamba. In fase di montaggio, il cliente può decidere, a suo piacimento, tra il posizionamento classico centrato ed il posizionamento decentrato. Questa caratteristica, combinata con le varie altezze, permette di creare giochi di sovrapposizione e combinazioni uniche.

*The main feature of Ninfea side tables is the free choice of leg positioning. During assembly, the customer can decide, as he or she likes, between classic centered and off-center positioning. This feature, combined with the various heights, makes it possible to create unique overlapping games and combinations.*

Posizione centrata  
Centered positioning

Posizione decentrata  
Off-centered positioning
